Congratulation!

Your a mommy and daddy or mom and dad to be.

I'm sure you have all kinds of questions, such as, when do I take my Baby to the doctor and when do they get shots?

Here it is broken down.

When you leave the hospital with baby in tow, call the office to schedule an appointment for the baby within one week of age or as specified by the doctor .

NewBorn visit they receive a Hepatits B shot.

1 month	2nd Hepatits B shot
<ul style="list-style-type: none"><li>We recommend that you give baby a dose of Tylenol 30 mins before appointment for these next 3 visits.</li></ul>	
<ul style="list-style-type: none"><li>2 months</li><li>4 months</li><li>6 months</li></ul>	DTap, IPV, Hib, Pevnar DTap, IPV, Hib, Pevnar DTap, IPV, Hib, Pevnar
9 months	3rd Hepatitis B shot, finger stick to test for anemia and lead
<ul style="list-style-type: none"><li>We recommend that you give baby a dose of Tylenol 30 mins before appointment for the next 2 visits.</li></ul>	
<ul style="list-style-type: none"><li>12 months</li><li>15 months</li></ul>	MMR, VVX Hib, DTap, Pevnar
18 months 2 years	Hepatits A 2nd Hepatits A

After your child's 2 year check up he or she is ready for only yearly check ups. Where they will receive a complete physical, urine check, and hemoglobin check (test for anemia).

Here we go again more Tylenol 30 mins before appointment.

- At there 4 yr check up we like to give there kindergarden shots DTap, IPV, MMR.
